

HEIRS OF JACOB COHEN.

MARCH 5, 1840.

Laid on the table.

MR. ELY, from the Committee on Revolutionary Claims, made the following

REPORT :

The Committee on Revolutionary Claims, to whom was referred the memorial of the heirs of Jacob Cohen, for five years' full pay of a captain of cavalry of the Revolutionary army, report :

That the name of Jacob Cohen, who is alleged to have served in the Virginia continental line, is not found on any of the records, either at Washington or at Richmond, as a continental officer at any period of the war. And the parol testimony is wholly insufficient to rebut the very strong presumption arising from such omission of his name from the rolls. His claim for bounty land has been rejected by the authorities of Virginia, and the committee are very clear he could not have been entitled to commutation pay ; therefore,

Resolved, That the claim be rejected.

Laid on the table

Mr. Bay, from the Committee on Revolutionary Claims, made the following

REPORT

The Committee on Revolutionary Claims, to whom was referred the memorial of the heirs of Jacob Cohen, for five years' full pay of a captain of company of the Revolutionary army, report:

That the name of Jacob Cohen, who is alleged to have served in the Virginia continental line, is not found on any of the records either at Washington or at Richmond, as a continental officer at any period of the war. And the proof testimony is wholly insufficient to rebut the very strong presumption arising from such omission of his name from the rolls. His claim for bounty land has been rejected by the authorities of Virginia, and the committee are very clear he could not have been entitled to commutation pay: therefore,
Resolved, That the claim be rejected.
